

Victim Survival Training

Basic Program - 24 hours

This program is designed specifically for individuals, particularly women who have been placed under an order of protection, have been the victim of stalking, kidnapping, rape or who have reason to believe that they are threatened with severe bodily harm or death.

The methods, techniques and awareness tools that are taught during this program can significantly increase the students' confidence level in a potentially violent situation and will provide effective measures to secure their safety when the need arises.

The tools, used properly, will enable the victim with the opportunity to disorient, disable and otherwise stop an attack while neutralizing the threat and provide an opportunity to contact law enforcement for assistance while disengaging to a point of safety.

This course of instruction includes: Basic Firearms Training, Concealed Carry Training, Basic combative (hand to hand defensive techniques) and Threat Awareness Training.

Classroom and range time: 24 hours

Slots available in course: 1 -10 per session

Program Cost: \$1,850.00

*** Does not include travel expenses if you are out of the local area.**
